

# Your Good Health IS Your Freedom

Freedom HealthShare™ is a recognized healthcare sharing organization  
and a 501C3 Charitable Organization

## Why Freedom HealthShare™?

Even the cheapest ACA plans are very expensive, especially after adding in the deductible and co-pays. unless you qualify for a government subsidy. Most Americans are being priced out of the market for individual insurance. The average increase for insurance programs sold on the exchange in 2017 was 36.8 percent or higher. These prices climbed another 20% in 2018 and continue skyward. A 2017 study found that United States residents in 47 out of 50 cities can't afford the cheapest ACA plan!

**Luckily you have a choice!** Freedom HealthShare™. The health sharing program is exempt from the rules and regulations under ACA because it is NOT insurance. Freedom HealthShare™ is available for those who may purchase healthcare insurance for themselves or their family and who want complete control over their own healthcare. It is comprised of people like you of faith, who are health conscious people who share an interest in reducing medical costs, making healthcare affordable together.

## What is Health Sharing?

The modern medical cost sharing movement was developed by a small band of people to practically demonstrate how to 'bear one another's burdens. The tradition of health cost sharing has been practiced for decades. It is a proven methodology. Today Freedom HealthShare™ follows that tradition of making health cost sharing affordable and available to all that qualify. The web and new technology now make it easier and more cost efficient to have a health sharing program that cuts members' cost in half and yet provides the necessary protection.

Through a recognized program and administrators like HealthSharing Services, LLC, health cost sharing is being used by thousands of families nationwide as an organized means of controlling medical expenses and making healthcare more affordable.

## It's Your Health, Your Money, Your Choice!

You are in charge of your care. This means staying as healthy as possible in accordance with Shared Values. However, when you need care, Freedom HealthShare will be there for you and your family. Our members live healthy lifestyles, and their actual costs are far less; that's how you save money.

**Everyone enjoys the saving! It makes life affordable.** We emphasize fundamental principles of wellness, health and prevention. Health conscious people have fewer bills, lower costs, and experience faster recovery. You can increase your Wealth by improving your Health.

## How It Works...

HealthSharing Services, LLC, a separate services organization that brings to the table experience, decades of expertise and patented technology. We make this directly to our members, knowing it will effectively and efficiently administer each member's cost-sharing contributions. Through Freedom HealthShare™, the opportunity to control medical expenses is open to everyone who subscribes to our Shared Values. When you have a medical incident, fellow members are committed to supporting you and sharing in your costs.

Your member web portal will provide access to your secure personal account that allows for full transparency of online payments, billing, and other aspects of your healthcare sharing account and HSA.

### Step 1. Contribute

A portion of everyone's membership fee that is their monthly "Medical Contribution" is placed into their personal "Sharebox." Access to your personal "Sharebox" is completely secure. It ensures all of your medical sharing goes to help other members, and the included admin fee facilitates the matching.

### Step 2. Live Healthy

Your overall health and wellbeing are your responsibility. Exercise, a good diet and good health habits are your responsibility to you, to yourself and to your community. If you need support to learn how to improve your health habits, you can enroll in [Freedom Health Services Health Coaching](#). Work directly with a certified health coach who will help you achieve your short and long-term wellbeing goals. You also have access to one of the leading TeleMedicine program 24 x 7.

### Step 3. Work with your Doctor

Be sure to show your member ID card and the **Provider Brochure** and any other pertinent health sharing information when you go to a medical provider.

### Step 4. Submit and Process

The Services company's technology is unique. It helps maximize your sharing dollars and reduces overhead. Read the Provider Brochure on the member portal to understand how this process works. The Point-of-Service system reduces doctors' billing costs which works to get our members a better deal.

### Step 5. Confirmation

You and your doctor will receive an Explanation of Sharing in your personal web portal to confirm payment for services.

## How Funds are Used

Accountability and financial integrity are vital concepts at Freedom HealthShare™. All that we do at Freedom HealthShare™ is done in a spirit of public trust. That trust goes both ways. We ensure that our members fulfill their obligations to be truthful and honest with each other.

## Shared Values

All members pledge to abide by the Statement of Shared Values and to truthfully disclose information about themselves when they join or submit medical expenses to be shared. The services company uses state-of-the-art patented technology to verify medical information and to be certain that funds contributed by and to members are used exclusively to help defray medical costs. We track all monthly assignments and verify that members send their Monthly Share Amounts.

## Your Money, No Surprises

There is a separate administration fee direct to the services company and separate Medical Contribution Fee, all part of your monthly membership amount. There is yearly Membership Fee, which goes to the Freedom HealthShare. The services company facilitates the allocation of your monthly share amount. Freedom HealthShare™ is merely there to gather members together that want to share expenses with each other. There is a services team of health professionals that will advocate for you throughout your medical incident to manage your care effectively. Administration expenses and health coaching expenses are billed monthly, but itemized apart from the medical sharing amounts and Membership Fee.

# Your Good Health IS Your Freedom

**It's Your Health, Your Money, Your Choice!**  
**Health to Wealth**

*There are 2 Program Choices to  
Best Fit Your Needs :*

## Be Responsible and Accountable

**Healthy people are statistically more happy and wealthy.** Your good health habits can free you from big bills and empower you and others to enjoy a healthy community of sharing healthcare costs.

## Our Shared Values

Our members of Freedom HealthShare come together to share medical bills because we believe it's the right thing to do. We don't participate because it's convenient, or less expensive than traditional insurance. We do it because our moral, ethical, and religious values compel us to care for and support each other during times of crisis. Our beliefs mobilize our actions, and we relate to each other because of them.

## Statement of Shared Values

- *We believe that our personal rights and liberties originate from our one nation under God.*
- *We believe every individual has a fundamental religious right to worship in his or her own way and faith..*
- *We believe it is our ethical obligation to assist our fellow man when they are in need according to our available resources and opportunity.*
- *We believe it is our spiritual duty to God and our ethical duty to others to maintain a healthy lifestyle.*
- *We believe it is our fundamental right of conscience to direct our own healthcare, in consultation with physicians, family or other valued advisors.*
